

CLINICAL OPPORTUNITIES	Face-to-face hands on clinical skills lab:			Are students required to find their own clinical sites?	Is clinical and didactic work combined so that didactic content is matched with clinical experience? (i.e. students complete antepartum didactic work while doing antepartum clinical)	Does the program of study include a period of time near the end of the clinical experience referred to as "Integration?"	Clinical sites:			Does the program pay a stipend for midwives who precept students?	Comments:
	Are they offered?	If offered, are they mandatory ?	When are they offered during the program?				Number of sites used by most students	Are students encouraged to use more than one clinical site?	Are out of hospital clinical opportunities offered?		
Baylor University	Yes	Yes	At relevant points in curricula	No *	Yes	Yes	3	Yes **	Yes	No	* Must find own clinical site for primary care rotation only (midwifery specific clinical sites procured by program director) **It depends on the attributes of the clinical site. We have only one site where students can stay for the whole program
Baystate Medical Center	Yes	Yes	At relevant points in curricula	No	Yes	Yes	6	Yes	Yes*	Yes	* Home birth experiences are not offered but outpatient clinical opportunities are available in federally funded neighborhood health centers and a women's correctional facility
Bethel University	Yes	Yes	At relevant points in curricula	No	Yes	Yes	3	Yes	Yes*	No	* They are offered if placements can be found. Birth centers accredited by CABC are used.
California State University, Fullerton	Yes	Yes	At relevant points in curricula	No	Yes	Yes	1	No	Yes*	No	*For especially interested candidates and for short term, anecdotal experience, not the main site of clinical practicum
Case Western Reserve University	Yes	Yes	At relevant points in curricula	No	Yes	Yes	4-6	Yes	Yes	No
