

## NOTICE OF ACCREDITATION ACTION

July 20, 2017

Accrediting agencies recognized by the U.S. Department of Education (USDE) are required to notify regional accreditors, selected specialized accreditors, and state licensing agencies responsible for post-secondary education of final accreditation decisions. In addition, the Accreditation Commission for Midwifery Education (ACME) also provides notice of its accreditation decisions to the public on its website.

In accordance with 34 CFR §602.26(a), you are being provided with notice of these actions no later than 30 days following the Commission decision.

Please be advised that ACME, the recognized accrediting agency for the accreditation and pre-accreditation of basic certificate, basic graduate nurse-midwifery, direct entry midwifery, and pre-certification nurse-midwifery education programs, including those programs that offer distance education, took the following actions at its Board of Review (BOR) meeting July 20, 2017.

### Preaccreditation

- **Fairfield University**, Nurse-Midwifery Program - Doctorate of Nursing Practice (DNP) Preaccreditation granted. (July 2017) The program will be reevaluated for initial accreditation within six months of graduation of the first class.

### Continued Programmatic Accreditation

- **University of Kansas**, Nurse-Midwifery Program - Doctor of Nursing Practice (DNP) and Post-Graduate Certificate (July 2017 through July 2027)

### Substantive Change

- **The Ohio State University**, Nurse-Midwifery Program – The substantive change was to provide an additional pathway to the M.S. degree for nurse-midwife students by allowing students to take DNP coursework in the nurse-midwifery master's program. The request is to substitute eight doctoral level courses for five master's level core courses. The M.S. midwifery specialty courses and M.S. midwifery clinical courses will remain the same. Accreditation granted July 2017 through July 2024.

### **Adverse Action**

Warning: The following programs were placed on warning for non-compliance with criterion A.2.
